

MATRIX Panels – Black & Natural HDPE and Polypropylene Sheets

Design Flow manufactures black and natural flat sheets 2440 x 1220mm in the following materials and thicknesses:

Recycled Black HDPE 7mm - 60mm
 Recycled Natural HDPE 7mm - 50mm

Virgin Black HDPE 10mm - 60mm
 Virgin Natural HDPE 7mm - 60mm

Recycled Black PP 7mm - 50mm
 Virgin Natural PP 7mm - 50mm

Recycled Black LDPE 7mm - 19mm
 Virgin Natural LLDPE 7mm - 19mm

All black sheets are UV stabilised & suitable for long term outdoor use. All natural sheets are not UV stabilised & are unsuitable for long term outdoor use

Only virgin sheets are suitable for direct contact with potable water or food.

Recycled sheets are available with either smooth or textured surface finish on both sides (specify when ordering).

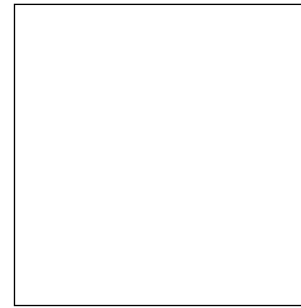

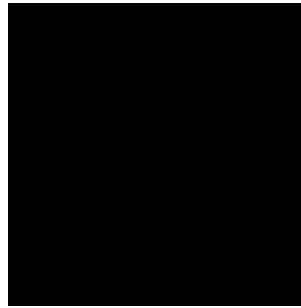

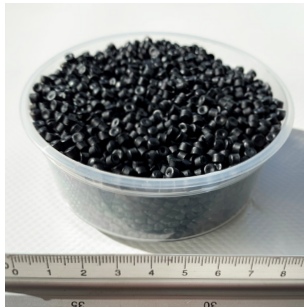

Virgin sheets are available with either gloss or textured surface finish on both sides (specify when ordering).

Material Data Sheets are available only for virgin materials and can be supplied on request.

Due to variations in our recycled materials, Material Data Sheets are not available for recycled materials.

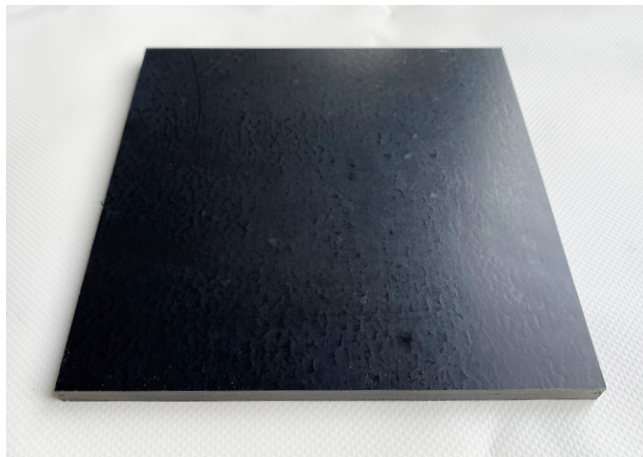

All materials are suitable for CNC machining and welding. We provide 2D CAD and CNC machining in-house services on our MATRIX Panels.

Design Flow reserves the right to change the specifications without notice.

BLACK
 Recycled or Virgin

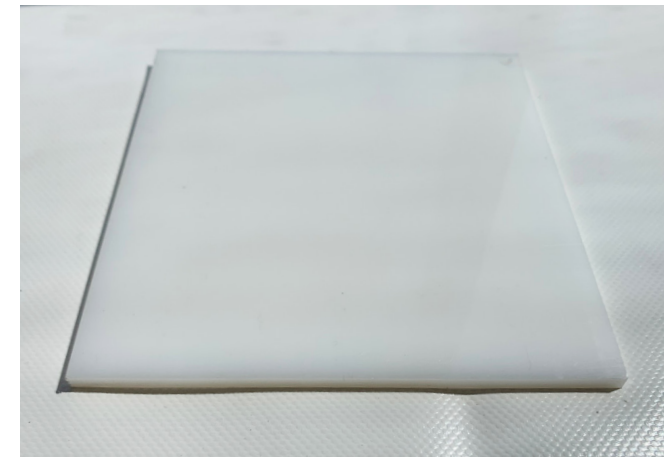

NATURAL
 Recycled or Virgin

HDPE RECYCLED BLACK
 'Smooth' finish

HDPE RECYCLED BLACK
 'Textured' finish

HDPE VIRGIN NATURAL
 'Gloss' finish
